Penetangore KINCARDINE

*Postal History from
1851 to 1900*

John Rossiter

In March of 1848 two men landed from a small schooner at the mouth of the Penetangore River. They were Allan Cameron and William Withers. These two men were instrumental in the founding of the community of Penetangore. Mr. Cameron built a log cabin which became a hotel and Mr. Withers built a dam and saw mill which opened in 1849. By the winter of 1848-1849 seven families had located in the little settlement. A survey of the community was made by A. P. Brough in 1849.

Allan Cameron

On January 1, 1850 the Queen's Bush was divided into counties and the counties were divided into townships. Penetangore was

now located within the Township of Kincardine in the County of Bruce. Both the township and the county were named after James Bruce, 8th Earl of Elgin and 12th Earl of Kincardine.

Mr. Francis Walker, who arrived in Penetangore drove from Goderich on the ice along the lake shore, in a horse-drawn cutter in the spring of 1850. He brought with him his wife Jane and their seven sons. Mr. Walker built the Walker House Hotel that same year, overlooking the Penetangore River. The growth of this village was rapid as the first school opened in 1851 in a rented frame building with 66 students. Church services were held as

early as 1849 in a log house. Sometime later at the Knox church the services were held in two languages, English and Gaelic.

David McKendrick had opened a small store and on June 6, 1851 was appointed postmaster. The post office was named Kincardine, however the village retained the name Penetangore until it was incorporated in 1858. This was the first post office within Kincardine Township.

The Bruce County Genealogical Society records that by 1857 there were only 499 families (2837 people) in all of Bruce County. That same year a census was taken by Wm. Withers and E. G. Fowler to see if the population of "Penetangore" was sufficient to apply for incorporation as a village. The census contained 837 names and Penetangore was officially incorporated as the Village of Kincardine. By January of 1875 the population had grown to the extent that Kincardine had now attained "Town" status.

Fig. 2 – KINCARDINE C.W. / FEB. 24, 1853

(There is also a reference to "Apple Cutters or Cuttings to purchase.")

P.S. – The Belden Atlas of 1880 lists 5 families in Huron Township named Blair. George Blair owning 385 acres.

David McKendrick: 1851, June 6 – 1857, January 13

Fig. 3 - KINCARDINE U.C. / JAN. 29, 1855

This Money Letter was written by R. Rowan in January 1855 to Alex McNabb C.L.A., at Saugeen, and also enclosed cash regarding a land purchase.

RATE: This Money Letter was struck with the red PAID 6 pence hammer as it was a double weight cover between ½ and 1 oz. in weight. At this time there was no additional charge above the postal rate for a “Money Letter”. Backstamped – faint Saugeen, U.C. Feb. 2, 1855.

Bruce Graham records an earlier cover dated October 9, 1854.

The “Money Letter” system ended in April 30, 1855 and on May 1, 1855 the new system of “Registration” was put into place. A registration fee of 1 penny was charged on domestic letters.

Fig. 4 – KINCARDINE U.C. / FEB. 25, 1856

This Registered Letter, also mailed in February 1856 to Alex McNabb, was an attempt to purchase land previously settled by others. The sender enclosed £12/10 shillings. He was unsuccessful in his attempt as there is a note (upside down) on the face of the cover stating “Land sold to actual settlers”.

RATE: This registered letter was struck with a PAID 3 hammer and then revalued at 6 pence (double rate) as the letter weighed between ½ and 1 oz. There are no backstamps.

David McKendrick, Kincardine’s first postmaster had retired on January 13, 1857. He was replaced by Matthew McKendrick whose official appointment was February 1, 1857.

On July 1, 1859 Canada’s postage rates were converted from the pence to the decimal system. Thereafter the rate for a ½ oz. domestic letter became 5 cents if paid by the sender or 7 cents if sent unpaid.

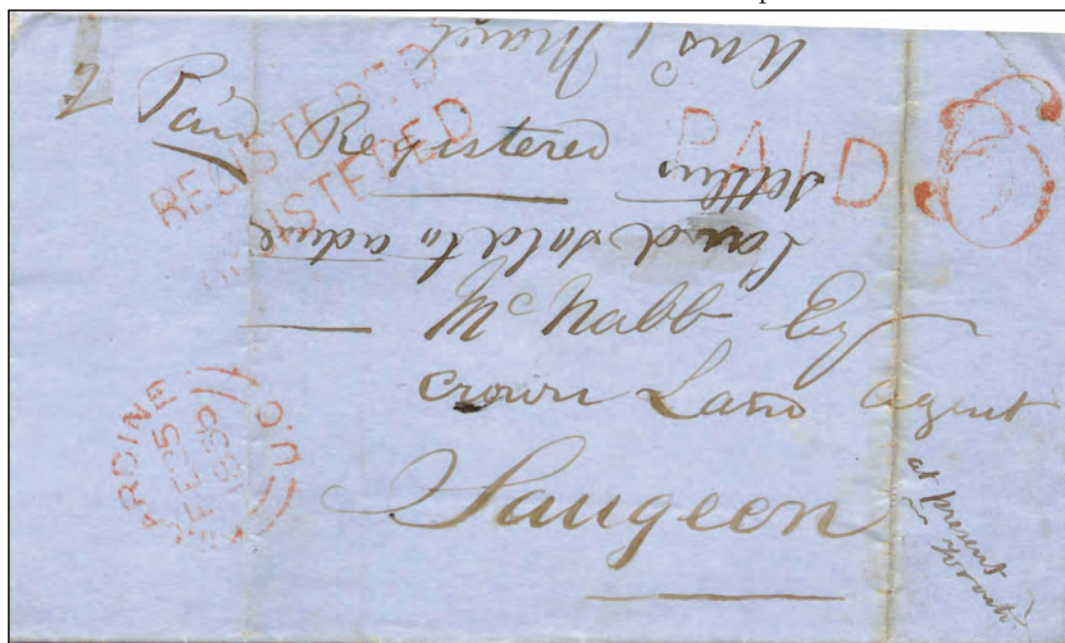

Fig. 5 –
KINCARDINE U.C. /
DE 10 / 1859

This letter weighing up to ½ oz. was struck with a PAID 5 hammer and mailed on December 10, 1859, by the former postmaster David McKendrick, and once again to Alex McNabb. Backstamped with a faint Saugeen U.C strike December 12, 1859.

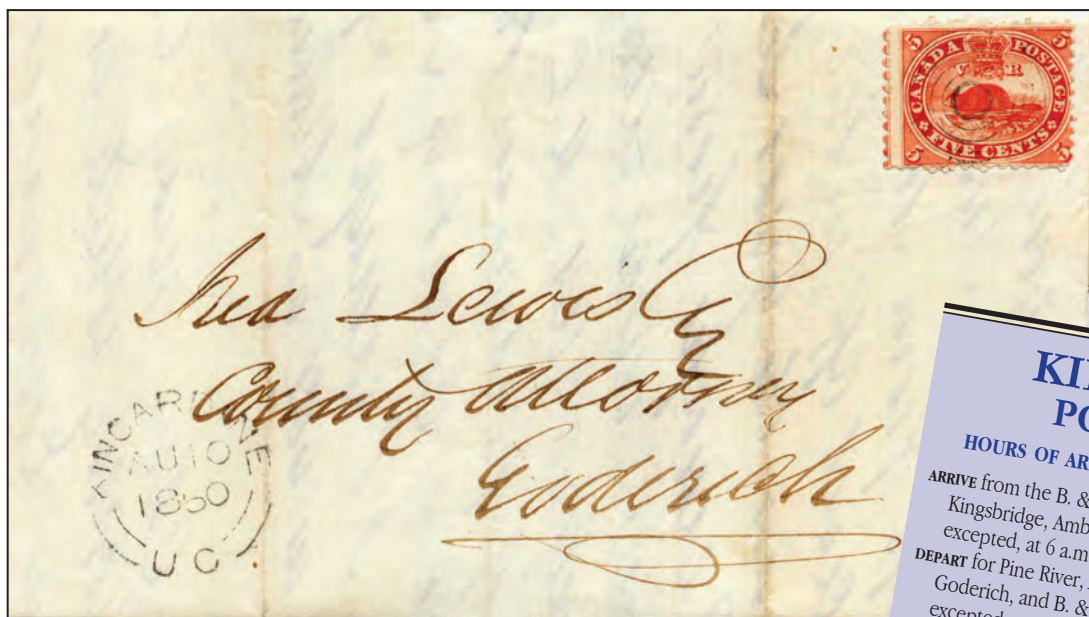

Fig. 6 – KINCARDINE U.C / AU 10 / 1860

This letter also weighed up to ½ oz. paid with a 5¢ stamp mailed August 10, 1860 to Goderich, U.C., and backstamped with a Goderich U.C / AU 11 / 1860 postmark.

On April 1, 1868 the postage rate for a single-weight domestic letter (up to ½ oz.) was reduced from 5¢ to 3¢ if prepaid and from 7¢ to 5¢ if sent unpaid.

This registered letter exceeded ½ oz., but was less than 1 oz. and therefore was charged 6¢ postage.

The 2¢ registration fee would have been paid in cash. Mailed to Toronto, there are no backstamps.

The Third Datestamp – Broken Circle ONT

A new "broken circle" KINCARDINE, ONT postmark was proofed on April 3, 1876. The earliest recorded date is June 13, 1876 and the latest October 4, 1886.

The registered letter stamps were issued on November 15, 1875. The 2¢ value paid the registration fee within Canada. The 5¢ value paid the registration fee to the U.S. and the 8¢ value paid the registration fee to the U.K.

Fig. 8 – KINCARDINE, ONT / DE 26 / 1877

A registered letter mailed from Kincardine, Ontario to Toronto paid 3¢ postage and 2¢ registration fee. Backstamped with a poor strike of Walkerton and Toronto, Ontario, December 27, 1877 (PM)

Built into the bank of the Penetangore River in 1881, the Kincardine lighthouse serviced a busy fishing and local salt shipping industry.

The elusive KINCARDINE Squared Circle

PROOF DATE: Oct. 30, 1894

With a rarity factor of 35, very few covers are known and unfortunately none were available for this article.

The Fourth Datestamp – Full Circle ONT.

A new “Full Circle” KINCARDINE, ONT. postmark was proofed on April 17, 1889. I have no record of the earliest recorded date.

Matthew McKendrick had continued on as Kincardine’s postmaster until his death on January 1, 1892. On April 1, 1892 Robert Baird was appointed postmaster continuing on into the 1900s.

REGISTRATION FEE CHANGE IN 1889

The fee for a registered letter was increased from 2¢ to 5¢. Registered letter stamps could still be used to make up the required amount of registration, but so could regular postage stamps to make up the postage plus registration charges.

Fig. 9 – KINCARDINE ONT. MY 16 / 1896

Letter mailed from Kincardine, Ontario, paying the 3¢ postage to Toronto, Ontario. Backstamped Toronto, Ont. May 18, 1896 (15).

Fig. 10 – KINCARDINE ONT. / DE 15 / 1897

Registered letter mailed from Kincardine, Ontario to Waterville, Maine, U.S.A. paying 3¢ postage and the 5¢ registration fee. There are six backstamps on this letter, three different railway mail car hammers, then Hamilton, Montreal & Portland, Maine, arriving on December 18, 1897. Pretty good service.

These are the four Kincardine datestamps I am aware of used during the 1800s.

1918 – 2012

Jim passed away peacefully in the company of his beloved wife, Fern, at his residence at the Ravines Retirement Home on Saturday, June 30, 2012. Jim was the proud father of James, Vaughn and Darrell as well as loving Poppa to Jameson, and Pop to Jason and Brianna. He was the eldest of eleven siblings and is survived by his two sisters, Elizabeth and Mary Ann, and his brother Hugh.

Jim shared his life-long passion for philately and postal history with many of his friends and was most generous of his time in writing articles for many philatelic journals. Belonging to all of the major philatelic societies, he was a founding member of the Grey, Bruce, Dufferin

& Simcoe Postal History Study Group. His well-researched articles graced just about every issue of the GBD&S newsletter. He was instrumental in giving our newsletter its present name of *Georgian Courier*. His articles were, and are, so popular that they have attracted a number of local historians. Jim's wish had been to publish a book on the postal history of Bruce County. He chose instead to use the pages of the *Georgian Courier* to fulfill that dream. All of us are thankful for that generous gift.

Jim will be missed not only by his family, but by all of his philatelic friends throughout the country.

On behalf of all members of the GBD&S Study Group I wish to pass on our sympathies and thanks. We have lost a friend.

The Settlement at KEY HARBOUR

Parry Sound District

[REF. 247]

Gus Knierim

In the early days this little community was very dependent on what activity took place in the harbour and what the train brought in or took out. Although some lived at the harbour most folks came in from Key Junction where a school served the young families. Because of this situation there was no need for a post office and such service did not come about until summer tourist traffic warranted it. Key Harbour never rose above the status of a summer office operating as such from July 27, 1937 until November 19, 1960. The post office was set up as a non-accounting office with the organizational number 80231.

In those 23 years two postmasters served that office. Peter Steven Murray was appointed to the position at

Peter Murray came to Key Harbour in 1921 doing commercial fishing, trapping, guiding, and later on when there were coal boats he worked on them as a signalman. He did this until the coal traffic ended in

the time of opening. He served until his retirement on 1938. The Hazzard's operated the first and only store at Key Harbour. In 1937 they decided to close their shop giving Peter Murray an opportunity to try his skill at operating a small store. He did this with a passion and became quite a personality in the life of the community. He was fortunate when the Post Office Department decided on a summer post office in the community and chose him as the first postmaster. Upon retirement in 1956 he sold his little business to George and Agnes Trott. Mrs. Agnes Virginia Trott was appointed as the second and last postmaster on May 1, 1957. The little store operated until 1978. However, the post office was closed November 19, 1960 when postal service was replaced by a new rural mail route, RR1 Britt.

MIDHURST – *from Revenue Office to Postal Franchise*

[REF. 248]

Dave Hanes

Back in 1825, three gentlemen, George Oliver, John and Thomas Mair, applied for and were given free grants of land, for Lot 12, Conc. 4, and in 1826 for Lot 13, Conc. 3, Vespra Township, Simcoe County. At this location, Oliver and the two Mairs, built and operated a sawmill and a grist mill, by utilizing the water power of a creek, in that area. A community began to develop around these mills. Blacksmith shops, churches and a school were built. The community was known as Oliver's Mills until 1863, when the post office was opened – not as Oliver's Mills, but as MIDHURST. It appears to be named after a small town in England, the name given by the postal authorities of the day.

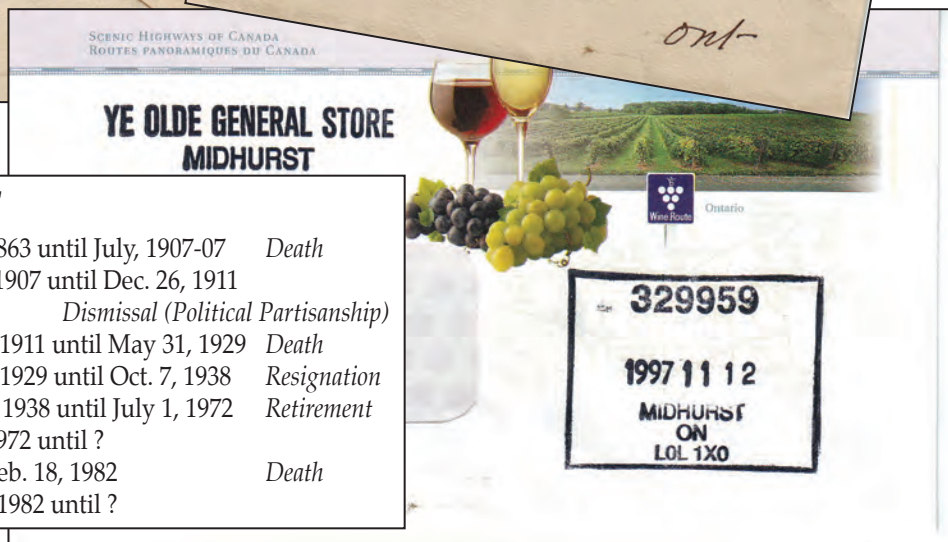

Little is known of the first post office, as to its location. The present post office is located in *Ye Olde General Store* located at on the south-west corner of a T-intersection of Doran Road and Finlay Mill Road, Springwater Township. (This part of the former Vespra Township was renamed Springwater Township in the 1994 amalgamation.)

The Post Office file for Midhurst shows the office opened on July 1, 1863; and contains the names of the various postmasters, their period of service, up to and including 1982. Postal records indicate that the office opened as a non-accounting office and kept that status until shortly after 1912, at which time it was upgraded

to an accounting office No. 3632. It was once again downgraded to non-accounting status No. 80779 in the early 1930s and remained at that until the financial year 1960-61 at which time it returned to accounting status with the previous number (3632). On April 1, 1973 it was renumbered to 333581 and kept that number until closing on January 31, 1988. For all those years it was a revenue office with the exception of the last few years in the 1980s when it was classified as a semi-staff office.

On February 1, 1988 it was downgraded to sub-office status (Midhurst / Barrie RPO 326380. It remained at this level until March 6, 1989. At this point the franchise era began with the establishment of the Midhurst RO 329959 (retail outlet). On July 14, 2005 this retail outlet

Only two types of early cancels, are known by the writer. They consist of a "broken circle" (no proof date recorded) and a full circle CDs proofed February 21, 1930.

The writer visited the current post office and obtained photographs showing the outside of the building, the postal wicket and the mail boxes, inside the store.

The writer's interest in Midhurst lays in the current POCON-type postmark, covering the period from 1985 up to modern day. At times, three different styles of POCONs were in use at the same time. The practice of emptying the mail box and date-stamping all the letters, prior to forwarding the mail, happened each day. Thus, the rubber daters were quickly and were replaced frequently.

On one of the replacements, an error occurred. The proper POCON number was 329959, instead what was supplied was 032959 (error). It was in use from July 8 until September 3, 2002.

The following are a sample of the various POCONs used over the years.
