NEWSLETTER

August 1981

PATRIOTIC SLOGANS

The last Newsletter has resulted in the initiation of an interesting survey; your help is needed! Wilf Whitehouse is gathering data on patriotic slogans in use during the wartime 1940-45 years. A checklist of known types and a survey sheet allowing lists of meter slogan type, Irwin meter type, dates of use, location of use and meter number are enclosed with this Newsletter. Send survey results to Wilf at 2427 Greenfield Ave., Kamloops, B.C. V2B 4P6. Three categories are recognized for this survey

- (WS) - War Savings and Certificate slogans
- (VL) - Victory Loan and Bond Slogans
- (MP) - Miscellaneous Patriotic slogans

A total of 112 varieties are listed here. Do you have others to add? This list is referenced to articles by Guertin (19?) and Pollock (1941-42) as in the Bibliography supplement and as listed in Newsletter No. 4. Some blanks exist in the listing of Victory Loan (VL) for the 6th, 7th, and 8th loan drive slogans. An article on the topic is attached by Whitehouse.

NEW VARIETIES

As noted previously, a new Friden design (Irwin type 21.5?) is in use in Canada. Bob Kitchener notes meter number 380029 is used at Toronto by the Ontario Dept. of Community and Social Services with a RETURN POSTAGE PREPAID slug.

Hasler meters are spreading. No. 2000045 is used in Toronto (Box 549, Adelaide St. P.O.), No. 2000031 at Vancouver, No. 2000024 in Richmond BC. The Hasler meter is called a "Mailmaster" and is distributed in Canada by International Mailing Systems Division of the Better Packages of Canada Ltd. Two models are available on rental from the company with the first introduced at the Upper Canada Mint December 15, 1981. An article on this introduction is featured in the MSS Bulletin No. 176 recently by members Whitehouse and Cooper.

RECENT MSS ARTICLES

The MSS Bulletin referred above also contains articles on Private Parcel Service Meters including UPS, CANPAR, POSTALIA, TNT and PUROLATOR. An article on the existence of 1 CENTS and 4 CENT errors in the Irwin type 6.1 series is presented. There always seem to be useful short articles in the MSS bulletin on Canada.

SPECIMEN (with 3 fancy marks)

IRWIN CATALOGUE

I am amazed to see that several members are still having trouble getting a copy of Ross Irwin's book. Canada Wholesale Supply tacks on handling and postage costs to make it cost about \$8 in total. Its regrettable but even at this price its cheap in comparison with other recent books for sale in the philatelic trade. If anyone still hasn't got a copy or wants another I'll try to get a few and distribute them to you at cost. (C. Rubec)

OXFAM DEALS IN METERS

A contact at the Canadian Oxfam Relief Agency (provides worldwide relief services to the sick, poor etc.) is selling stamps to raise funds. They have offered to let me distribute accumulations of meter covers from any foreign country. If you have special interests beyond Canada and USA let me know and I'll send you some material. Price negotiable for charity. (C. Rubec - PS there's nothing in this for me).

A rough look at the boxes indicates a lot of South America and African meters. Time to start a new field????

FIRST SUPPLEMENT TO CANADA METER REFERENCE LIST

Numerous new references have been brought to my attention. Thanks to Ernest Roscoe in particular and the Postal Museum here in Ottawa. Also thanks to M.L. Brown for the articles.

METER SLOGAN ASSOCIATES MONTHLY BULLETIN. I have been blessed with a few select copies of this ambitious bulletin . The MSA group seems to have dissapeared about mid 1940's. Can anyone fill me in and sent me copies of any spares they have either for keeps or on loan?. Many Canadian news bits are in here. Here's one's I've gleaned in Vol4-6 most of which I have.

- Vol.4(3):3 Centennial of First Canadian Postage Stamp , slogan used at Toronto 1941
- 4(5):2 Wartime patriotics
- 5(9):4 PO meter numbers and locations Irwin Type 9.
- 3(5):4 Introduction Irwin type 11.
- 4(10):1 1941 Victory Loan drive slogans.
- 5(3):2 Canadian pseudo-post office meters (W. Simon).
- 5(4):2 Canadian Return Postage Prepaid meters (W. Simon).
- 5(5):2 Third Victory loan drive slogans Oct. 1942; Canadian PO and Postage due meters, Reference List No. 2 (Patriotic slogans illustrated)(W.Simon).
- 5(6):4 Notes on Irwin types 7.4, 7.5 and 8.3 and 8.4 (W. Simon).
- 5(7):2 Notes on 1937 Coronation slogan (W. Simon).
- 5(8):2 Canadian Government Permits (sig-ature franks) W. Simon.
- 5(10):2 NPM meters introduced at Toronto 1943.; fourth victory loan drive slogans April 1943; use of Roman dates (W. Simon).
- 6(2):2 Effects of postal rate changes on postagw and excise meters (W. Simon).
- 6(3):4 Government Signature meters list (W. Simon).
- 6(4):4 NPM meters approved (W. Simon).
- 6(5):1 Fifth Vicyory loan drive slogans.

GUERTIN, H.C. 19??. The Wartime Mails and Stamps Canada 1939-46. Privately printed. Toronto. Section 2:"Slogans" includes 84 illustrations of patriotic war-time meters in Figures 22-34.

POLLOCK, F.W. 1941. Meter slogans for Canada's war efforts. Stamps Dec.20. 1941. pp. 416,417, 421.

POLLOCK, F.W. 1942. Canadian Patriotic Slogans. Meter Slogan Associates Monthly Bulletin. Reference List No. 2. Sept. 1942. 3 p.

NEW VARIETY

Dave Cooper notes a new variety similar to Irwin type 20.1. This new electronic Pitney Bowes meter allows values up to \$99.99 with a new larger indicium which measures 22 x 29 mm. This example below was used at Markham Ont. by IBM Canada Ltd. on 29 June 1982, meter No. 1000123, a new serial block.

TOWN LIST ADDITIONS

The MSS town list additions for Canada are listed below, as printed in MSS Bulletin No. 176 recently. All of these additions were reported by Ross Irwin. Send your updates to Alan Draves, Box 190, New Knoxville, Ohio. 45871.

WANTED

A few examples of Hasler Canadian meters.

G. Pustel. P.O. Box 1345, Jackson N.J. 08527 USA

WANTED Research notes on the following:

- (1) Use of Bell Telephone Co meters
 - (2) Use of Eaton's Co. meters
 - (3) Canada federal government meters and slogans
 - (4) Law, Court and Excise and Unemployment meters
- Photocopies and notes on specific issues from me in exchange
- C. Rubec, 488 Athlone Ave. Ottawa, Ont. K1Z 5M8
-

That's all until No. 6 which will appear when time permits or enough stuff has accumulated to pass on to you. Many thanks to those who are contributing and if you're in Ottawa please call or drop by our house. This newsletter also sees a few "members" deleted from the mailing who have not contributed to the postage or any notes, etc. Too bad but it's unrealistic if they're not interested I guess...

CANADA'S PATRIOTIC METER SLOGANS 1940-45

W. Whitehouse

In 1940, Canada's war effort required money, lots of money, in order to produce the goods and services necessary to equip the Armed Forces and fight the war against Germany.

One method of maintaining a continuous flow of money coming from the population was to sell War Saving Stamps. These Stamps sold for 25¢ each and when one had acquired sufficient stamps, they could be exchanged for a Certificate. The Certificate was worth \$4.00 and provided a 25% gain being worth \$5.00 at maturity.

The Government conducted an extensive advertising campaign, in newspapers, magazines, on billboards (seldom seen today) and in all types of stores both large and small. It appears the first to use patriotic slogans in conjunction with their meter cancellation were the large volume mailers, gradually smaller companies purchased slogan plates for use on their postage machines. Some of the designs supporting the purchase of Stamps and Certificates were so popular, they remained in use from 1940 to 1946.

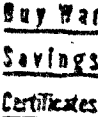

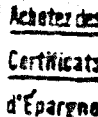

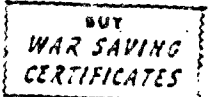

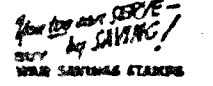

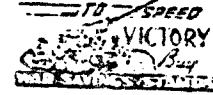

In 1941, it was obvious that larger sums of money needed to be raised than was being obtained through Stamps and Certificates, consequently Victory Bonds were made available to the public. These bonds came in denominations of \$50, \$100, \$500, \$1000 and even larger, the plan being to raise hundreds of millions in a drive. Commencing in 1942, it appears there were two Victory Loan drives each year with the 8th and 9th campaigns taking place in 1945. Once again slogans were made available to postage meter users and once again some designs proved very popular while others were seldom used.

The Editor has suggested that an illustrated "checklist" be prepared of those slogans known to have been used throughout the war period, whether they urged the purchase of Stamps, Certificates, Bonds, or patriotic effort necessary for the successful conclusion of the war.

The writer has not seen any meter slogans connected with the 6th, 7th, and 8th Victory Bond drives, nor French versions of any Victory Bond slogans. Do they exist? That is one of the questions this checklist hopes to resolve. It is also hoped that early dates of use will be learned for many of the designs and any designs not illustrated will be uncovered in this most interesting sideline of Canadian Meter postage collecting.
